

## **Spring Zoo Camp 2016**

### Cubby & Adventure Camp Dates and Topics

3-21

#### Savannah Scavenger Hunt

Come Explore our new African Savannah as we head out to our new exhibit- scavenge for clues and information about our Savannah friends.

3-22

#### Migration Vacation

As spring approaches animals begin returning to their summer homes. Come find out how and why some of the biggest animals in Africa have to migrate across the Savannah.

3-23

#### Zoo Keeper in Training

What does a wheelbarrow, scuba gear, a whistle, and a hose all have in common? They are all things that a Zookeepers might need in their day to day job taking care of and cleaning up after animals. From prepping food and cleaning to training and enrichment, come and learn what it takes to be a zookeeper for a day.

3-24

#### Dr Zoo

Animals all have basic needs; food, water, shelter, and sometimes they also need medical attention. Come be a vet for a day and talk to a real zoo veterinarian and get to go behind the scenes at the hospital to see how our animal care staff help animals that are sick or injured.

3-25

#### Camouflage

Now you see me, now you don't! Why are some animals so hard to find? Discover how spots, stripes and colors can help some animals survive as we look at the masters of disguise.

3-28

#### Savannah Scavenger Hunt

Come Explore our new African Savannah as we head out to our new exhibit- scavenge for clues and information about our Savannah friends.

### Shadow a Zoo Keeper

Ages 11-17

Come experience life as a keeper at the zoo! Mornings will be spent assisting Zookeepers with their daily tasks in feeding, cleaning and caring for reptiles, mammals or birds. Spaces are limited, please see website for openings.
