SEA TURTLE CRAFT

Extended Learning Partnership

# Oceans: Paper Plate Sea Turtle

## Materials:

- A paper plate
- Scissors (always ask an adult to help you use scissors!)
- Glue or tape
- A pen or pencil
- Green and yellow markers or paint
- A black marker
- Optional: a paintbrush if you use paint

# Oceans: Paper Plate Sea Turtle

## Instructions:

1. Cut your paper plate in half

2. Trace out the shape of your turtle's head and flippers on one half of the paper plate. Cut them out.

# Oceans: Paper Plate Sea Turtle

3. Attach the head and flippers, and trace out the pattern for your turtle's shell. Color or paint your turtle however you like!

Attach your sea turtle to a popsicle stick for a fun puppet!

Use a small paper plate and turn your sea turtle into a cute tree ornament by adding a loop of ribbon or string to the top!
